# NFA-Sponsored Off-Campus 10-Day and 6-Day Programs

#### WHAT IS IT?

The NFA-Sponsored Off-Campus 10-Day and 6-Day Programs offer the same 10-day and 6-day courses normally taught at the U.S. Fire Administration's (USFA's) National Fire Academy (NFA) located in Emmitsburg, Maryland. The NFA's Training Resources and Data Exchange (TRADE) network, which operates within the 10 Federal Government Regions, provides the structure through which these off-campus programs are offered. The TRADE network includes the training and education administrators of the 50 State fire training systems, and the more than 160 largest local fire departments throughout the United States.

Course delivery sites are chosen by the regional TRADE representatives. NFA provides instructors and all training materials for each course. These courses, as with other NFA courses, have recommended college accreditation through the Americal Council on Education (ACE).

## **HOW TO APPLY?**

All applications (FEMA Form 75-5) must be sent to the following address 40 days prior to the start date:

Potential students must complete the FEMA Form 75-5 General Admissions Application form found on the USFA Web site at: www.usfa.dhs.gov/nfa/about/attend/apply.shtm

#### **HOW MUCH DOES IT COST?**
